

It's Sad to Bully

By Charlie Appelstein

**Understand it fully
That it's sad to bully
When you feel down and out
Pickin' on others...ain't what it's about**

**Maybe someone picked on you
And now you're strikin' back
But hurtin' another kid
Is a weakness in you, Jack!**

**Anger needs to be directed
at the people who caused your pain
Taking it out on others
Makes you look bad, Jane!**

**There are no bad kids;
yet all kids get off track
If you've been bullying - remember, there's good in you
And bring it back. Bring it back, Zack!**

**Deep inside it can't feel good to shame another
When all is said and done
Every kid is your brother...**

Every kid is your brother...
